

Answer ALL questions in the spaces provided.

1. The table below lists some features of a typical plant cell and a typical animal cell.

Complete the table with a tick (✓) if you would expect the feature to be usually present or a cross (✗) if you would expect it to be absent.

Do not leave any boxes empty.

The first line has been done for you.

	Typical plant cell	Typical animal cell
Cellulose cell wall	✓	✗
Chloroplasts		
Cell membrane		
Large central vacuole		
Chromosomes		
Centrioles		
Cytoplasm		
Stored starch
