Hi all,

Further to my e-mail earlier in the week regarding editing PDFs; where you would like to (or your students be able to) write onto a PDF document, this can be achieved easily using the free version of Adobe Reader.

If you don't have it, you can get it here:

<https://get.adobe.com/uk/reader/>

I've done a quick video tutorial on how to use the feature in Windows:

And for those on a mac, there's this tutorial using the built in Preview app:

<https://support.apple.com/en-gb/guide/preview/prvw11580/mac>

Hope it helps, any questions drop me an email or pop into [HelpOnline Meet](#).

Kind regards,

Luke Gilliver
